MASTER ROCK DRINK *(from 5.1, 5.8)*

a protrusion: crawled to be
in sect that cut words in half
I think the words "crav" "vled"
meaning to unfound cherry wood
are "crawled" cut in half
(that's enough of that)
cake thud believes you put
your name on the cake
accept it as pensive logo
sometimes I find that I don't get the joke
past yr dommage er blast gone grossly
coughing neck & ears
as if someone actually placed a bowl
on yr head to
cut yr hair
off yr head if real
the shapeless master rock drink if real
moist two tone police cruiser with
a huge red light flanked by two loudspeakers
crackles & laughs at singer's gummy retention
why can't about forty thousand
people telephone out for reefer
